3. Social problem or Candidate Solution type questions:-

In these part the IO may ask questions such as world issues, national issues and solution for those issues. Also he checks the depth of knowledge and our approach to the issues. He asks our views to the issues and solution for the issue.

Eg:- He asks the candidate that the views of nation on terrorism is good or bad, if good why it is good and if bad why it is bad, then tel you solution like this.

Current Affairs and General Knowledge and issues:-

He also ask some history and current affairs of the nation and world.

Eg. Tel five things you recently read in newspaper. Tel deeply about a particular news.

4. Technical questions or Practical Knowledge questions.

If we go to the TGC entry i.e Technical Graduation Course and TES entry i.e. Technical Entry Scheme they may put forward some basic technical questions relating to our daily day to day life.

Eg. If we say that we play cricket, he may ask how you will apply physics law to the swing bowling etc. Also you will apply the pythagores theorem to the table tennis service etc

If you are from engineering back ground the questions also from,

Basic Network questions

Basic physics laws

All Engineering fundamental questions.

In these set of questions he find out our practical knowledge. i.e. application of our theoretical knowledge in the physical day to day tasks which is essential for the army men.

How to approach the PI DO's and DONT's:-

The approach of the PI is an art, the one with good attitude and truthful with the information provided and self will surely get success in the PI.

DO's and DONT's:-

1. Enter the room with head held high and up raised chest as this gives you a confident approach.
2. Never insert your hands into your pocket, leave it casually.
3. Since the very first impression gives you a positive result.
4. Prefer dress with good quality and properly ironed.
5. Don wear new dress or old own, wear dress which is properly stitched and good fitting.
6. Avoid boot cuts and all.. Wear proper formal pant.
7. Dont wear watch, or have something in the pocket.
8. Have proper hair cut before the interview and comb the hair well.
9. Wish the IO while entering the room with proper sense such as check whether is morning, or evening or noon.
10. Have a proper and constant voice tone, never raise your voice tone while telling about your Achievements or reduce your voice tone while telling about your negative points.
11. Have proper answer for your positive and negative points
12. Have a proper body language
13. Don't argue with the IO. But tel your point with some positive points on that.
14. Understand the questions clearly and and start to answer to that question slowly and confidently.
15. In case, if you felt that you dont know the answer, just say after thinking a while, sorry sir i dont know the answer.

16. In case, if you didnt get the question from the IO means, ask him as sorry sir, i beg your pardon, please repeat the question.

17. Never blame anyone for your shortcomings such as low marks due to teacher etc. Since they dont want people who blame for shortcomings. They want people only who take every situation positive and over come the shortcomings with hardwork.
